

PRODUCERS COOPERATIVE ASSOCIATION

P.O. BOX 323
GIRARD KANSAS

Dear valued patrons,

Effective January 1, 2009 our storage rate structure will change per the Board of Directors. Storage will remain at 4 cents per bushel per month. Grain bank will be raised to 3.5 cents per bushel per month. Deferred Pricing will be raised to 4 cents per bushel per month. There will still be a 10 day grace period from the time of delivery. However, effective January 1, 2009 there will be a minimum 8 cent storage charge on all open storage grain sold after the ten day grace period. For example, if you sell your grain on the 11th day after the date of delivery you would be charged 8 cents per bushel storage charge.

It is the intention of Producers Cooperative Association to reconcile grain payables twice monthly, first at mid-month and then again at the end of the month. What this means to the grain producer is that any grain settlement that a check has not been written for and is still outstanding will be mailed to the named recipient on the account by the 15th of the month and the end of the month. Please let us know if you desire other payment arrangements before these dates. If you are going to defer payment to next year please let us know your intentions as soon as possible.

For your convenience Producers Cooperative Association now has an updated website. Please sign up for e-commerce on our website at girardcoop.com. Once your account has been set up you will be notified and you can enjoy the many benefits of our website @ girardcoop.com. After you get your user name and password established you will be able to look at your grain settlements, specific grain tickets, your storage balance and your contract balances on the web. Please go to our website at girardcoop.com and sign up for access to your grain activity and your account with Producers Cooperative Association. Don't forget you can also access your account with Producers Cooperative and view your invoice or payment detail on line. While you are there check out the Chicago Board of Trade, your five day weather forecast and many other features such as farm store prices, fuel prices, etc. Please take the time to test drive your new Producers Cooperative Website at girardcoop.com.
